Preventative Maintenance Checklist *Daily*

Please initial and date with time upon completion of each item checked.

<i>Wet or snowy days:</i> Clean up water around entrances and on steps right after school starts, just before lunch, and just before dismissal.						
Check all stoves, hood filters, and cooking areas to insure they are properly cleaned to remove grease and inflammable waste.						
Check exit lights.						
Check all outside lights.						
Vacuum carpets (in heavy traffic areas, classrooms, offices, etc.).						
Pick up all trash around buildings.						
Clean up around dumpster.						
<i>Cold Weather Precautions:</i> If heat is left on, check to see that it is still on. Pipes under sinks are usually on the outside walls. Open the cabinet doors so heat can get to these pipes.						
Use salt and shovel to clean a path on each set of steps when there is ice on the ground. Path should be next to the hand rail.						
<i>Check all portable heating units to insure they:</i> (1) are not a tripping hazard; (2) don't overload a circuit.
