

Single and Raising Saints: Supporting Single Parents

FOR SINGLE PARENTS, HELPERS, AND PARISH LEADERS

The number of single-parent families is growing. Sometimes these families feel disconnected or unsupported because they are not a two-parent household. The Catholic Church takes seriously her responsibility to support every family with their unique challenges of living the faith and raising children, regardless of their circumstances. Through this presentation, parish leaders will be equipped to help single parents learn more about the faith, build a friendly and supportive community, discover a welcoming atmosphere within their parish, and be invited to participate in all aspects of parish life.
