

CWG IV: The Challenge to Provide Authentic Pastoral Support for Those Who are Divorced

Summary of Proposals

September 24, 2016

This CWG had three questions to focus on and the 30 in attendance were divided into three tables, each table being assigned one question.

The questions addressed are:

1. What are the elements necessary for a robust program of pastoral and spiritual support for those undergoing divorce, both during the process and afterward?
2. How can the diocese make the annulment process more accessible for our people
3. How should we bring an understanding of the internal forum and conscience to our people, not only regarding the topic of participation for those who are divorced and remarried, but for all Catholics in their moral and spiritual lives?

There were three discussion periods, each followed by general feedback from all delegates on the work of each of the three table's presentations. Feedback explored affirmation for what was presented, comments for fine-tuning and recommendations. In some cases other proposals were suggested to be explored by the table. During the last session delegates had time to reflect on the proposals and to prioritize them based on where their passion was and delegates had three preferences, 1-3 with one being the greatest. The below proposals are listed by priority of the working group. All proposals received priority and will remain for consideration by the Synod General Assembly. Actually, the top three priorities each were related to one of the three questions.
